

B-TANK

WATER TRUCK

★ **THE WORKHORSE** ★

A leaner, cost-efficient build for dust control and potable water — engineered with the renowned McLellan quality you can count on.

**CONSTRUCTION****AGRICULTURE****LOGGING & MINING**

The finest off-road support equipment in the world— backed by **over 60 years** of experience.

SERVING THE INDUSTRY SINCE 1966

**AMERICAN-MADE**
EXCELLENCE

B-TANK WATER TRUCK

BRING WATER WHERE YOU NEED IT.

MCLELLAN "B" STYLE TANK CONSTRUCTION

1 SINGLE LONGITUDINAL WELD SEAM

A stronger shell with better structural integrity that extends the life of your truck.

2 BOX SECTION SUB-FRAME

Lengthens tank life by distributing the weight of a full load over more contact area than an "L" section sub-frame.

3 DISHED & FLANGED HEADS & BAFFLES

Increased structural integrity and road safety – prevents accelerated fluid movement when braking.

BUILT FOR

Dust control, construction, potable water, and more. Meets all current water tank standards.

STANDARD

- 2000-6500 gallon tanks
- Cab controls
- Four(4) spray valves – two front, two rear
- Diesel Engine, Hydraulic, or Direct Drive PTO
- PermaSlat mounting
- McLellan 4-point off-highway hold down system with coil springs
- Dished and flanged heads
- Short fenders
- Access ladder / hydrant fill
- 24" round fill dome
- Rear bumper 8" pipe
- Safety kit
- D.O.T. lights
- Rear sight gauge
- Paint (white, direct-to-metal)
- Manual, spring, or power rewind reels with 50' of 1-2" hose

OPTIONAL

- 2" or 3" pneumatic or manual side spray
- Street flush
- Extra spray valve at rear
- Center valve at rear, top, or bottom
- Self-loading valving, pump, and coupling
- Two 10' hose sections with camlok ends
- Suction screen
- Storage tubes
- 3" foot valve
- Hydrant fill
- Sight gauge
- Air throttle for diesel engine
- Monitor assembly Elkhart
- Additional baffle for fire suppression duty (2000, 3600, 4000 gal tanks)
- Longitudinal baffle
- Internal tank coating
- Tool boxes 18" x 18" x 36"
- PTO driven system
- Hydraulic driven system
- Light bars
- Amber strobe or rotating beacon
- Stainless steel tank
- 12 volt work lights
- Air or manual dump 4-10 inches
