

MINE-SITE

LUBE TRUCK

★ THE SUPPLY TRAIN ★

Built to keep the mine site running — mobile refueling, chassis lubrication, and preventative maintenance for the biggest equipment in the pit.

MOBILE REFUELING

MOBILE MAINTENANCE

CHASSIS LUBRICANTS

The finest off-road support equipment in the world— backed by **over 60 years** of experience.

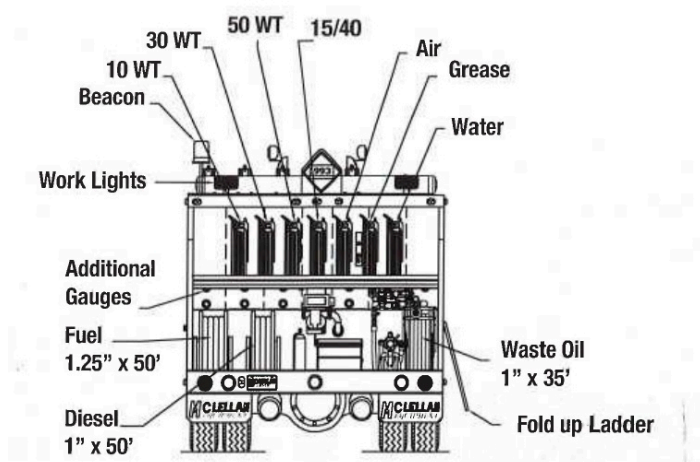

SERVING THE INDUSTRY SINCE 1966

AMERICAN-MADE
EXCELLENCE

MINE-SITE LUBE TRUCK

BRING THE REFUELING STATION TO THE JOB SITE.

MCLELLAN MINING LUBE TRUCK CONFIGURATION

1 DUAL PRODUCT COMPARTMENTS

Dedicated compartments for fuel, oil, grease, and waste oil keep every fluid organized, contained, and ready to deploy.

2 HYDRAULIC-DRIVEN PUMPS & COMPRESSOR

Runs off the truck's hydraulic system for reliable fuel, air, and grease delivery in the field.

3 HEAVY-DUTY REWIND HOSE REELS

Hydraulic rewind reels for grease, fuel, and diesel keep hoses protected and job-site ready.

4 SIGHT GAUGES & GAUGE PANEL

Oil tank sight gauges and a full gauge panel give techs a clear read on every fluid level at a glance.

THE MCLELLAN ADVANTAGE

- Hydraulically powered McLellan reels prevent injury and strain from pulling hose.
- Specifications engineered by McLellan to your needs ensure proper vehicle maintenance.

STANDARD

- 5300 single-compartment fuel tank
- Hydraulically driven system
- Independent fuel tank and cross tank hold down system
- Diesel fuel system with meter
- Oil delivery system
- Used oil retrieval system
- Oil filter drain box integrated into used oil system
- Water/antifreeze system with reel and pump
- Air delivery system
- Cab control panel
- Customizable tool boxes
- Backup alarm, fire extinguisher, & safety decals
- McLellan heavy-duty product reels
- McLellan hydraulic rewind reels
- Swing door, roll-up door, and 'K' back rears available
- All electrical lighting enclosed in wiring harness
- LED stop, tail, turn, and reverse lights
- Up to six (6) LED work lights
- Leaf spring mounting system
- Tank sight gauges
- Tool boxes

OPTIONAL

- Roll up doors
- Pressurized and sealed rear compartment
- Two compartment grease tank
- Desiccant moisture filter
- Quick fill access for product oils and fuel (located in boot)
- High-pressure product oil meters
- Water tank
- High flow fuel system with 1.5" hose, meter, hydraulic rewind reel, and 2" nozzle
- Side access ladders
