INSIDE – cutaway view of the baffle structure

FULLY WELDED TANKS

DROP-ON READY

PTO, HYDRAULIC OR ENGINE DRIVE

The finest off-road support equipment in the world— backed by **over 60 years** of experience.

B1 KIT – TANK & HOLD DOWN

B2 KIT – LADDER/HYDRANT ASSEMBLY ADDED

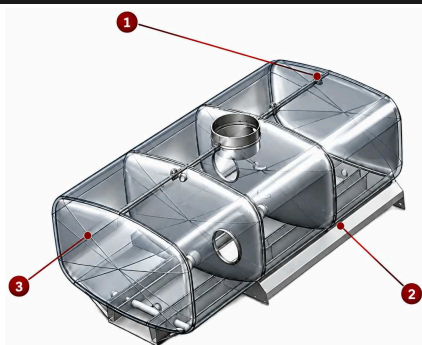

SERVING THE INDUSTRY SINCE 1966

AMERICAN-MADE
EXCELLENCE

MCLELLAN "B" STYLE TANK

MCLELLAN TOUGHNESS AT AN AFFORDABLE PRICE.

1 SINGLE LONGITUDINAL WELD SEAM

A stronger shell with better structural integrity that extends the life of your truck.

2 BOX SECTION SUB-FRAME

A closed box section holds its shape under load, whereas an open "L" section twists and leaves the tank fighting the chassis – working the seams loose.

3 DISHED & FLANGED HEADS & BAFFLES

Increased structural integrity and road safety – prevents excessive fluid movement when braking.

Full-Length Fenders

Perma-Slat Mounting

PERMA-SLAT MOUNTING & FULL-LENGTH FENDERS – LOAD SPREAD ALONG THE FRAME

KIT OPTIONS

B1 KIT

- 1 Hold-down kit
- 1 Fully welded 'B' style tank including:
 - Manifold and ladder tabs
 - Fenders
 - 26" round fill reservoir

 - Manifold and ladder tabs
 - Fenders
 - 26" round fill reservoir
 - Perma-slat mounting
 - Bonnies, front & rear sight gauge, plugged

EVERY B-TANK KIT SHIPS WITH

- 1 FULLY WELDED "B" STYLE TANK**
2,000 to 6,500 gallon, single longitudinal weld seam.
- 2 HOLD-DOWN KIT**
McLellan's four-point off-highway hold down – in every package.
- 3 PERMA-SLAT MOUNTING**
Spreads the load along the frame instead of concentrating it on the rails.
- 4 FENDERS & LADDER TABS**
Manifold and ladder tabs welded in, ready for the ladder assembly.
- 5 26" ROUND FILL RESERVOIR**
Hydrant fill runs the deck and dumps into the center of the tank.
- 6 SIGHT GAUGE BONNIES, PLUGGED**
Front and rear, ready for gauges.
